

FAMILY CAMP HOUSING

Family camp participants are housed in one of the Field Station's residence halls. This facility is set up like a camp retreat center where bedrooms are grouped into sets of four bedrooms, accessed through one exterior locking door. Inside the bedrooms participants will find four comfortable bedrooms and two bathrooms. Bedrooms have single twin beds, no bunk beds. There are two bathrooms per set of four rooms. Each bathroom has two sinks, two showers with changing areas, and two toilets. All rooms are comfortable with central heat, and air conditioning. Each room has 2-4 beds, one night stand, a lamp and clothing storage. Each family group that attends Family Camp is assigned 1-2 bedrooms. Family groups of 3 or more are assigned their own bathrooms in the suite. Those bedrooms and bathrooms are used by only your family. So while you may share the bigger suite with another family, you have private bedrooms and bathrooms that you don't have to share. If you are coming with another family that you would like to be housed with let us know. Basic linens will be provided for you, some people bring a sleeping bag in addition to this. We give you 1 pillow/ pillow case, a top and bottom sheet , 1 camp blanket and 2 towels. All meals are included in the program.
