

GREETINGS!

We are very excited to have your student be a part of our Homeschooler Advanced marine Invertebrate Study program. Please download this letter to remind you of some things before you arrive.

If you have not sent in your Health forms, please mail them in now. If it is less than two weeks before the program begins, bring your forms with you, but do call us as soon as you can if you or your family has any health or food restrictions that you wish to have accommodated. Our health forms can be found on the homeschool page on our website. If you have not made your final payment it is due 30 days before the program begins.

On your day of arrival, check-in will be held from 4:30 pm to 6:00 pm at the Red Knot Resident Hall. To find the residence hall, look for the longest dormitory building situated at the northwest corner of campus. The street address is **7480 Kearsage Circle, Wallops Island, VA**. Please park in front of the building and come into the lobby for registration. When you check-in, staff will orient you and direct you to your lodging. You will also receive the updated program schedule. Welcome and orientation starts at 6:30 p.m., with the evening class beginning at 7:00 p.m. There is no dinner the first night, so please eat dinner before arrival or bring something to snack on during the evening lecture. If you are running late on the day the program begins please call the office at (757) 824-5636 or the after hours cell phone at (757) 894-7708.

Be aware of the time that it takes to travel on the Eastern Shore. The speed limit is 35-55 mph for most of the shore. Please allow yourself plenty of time for travel. We are located 2.5 hrs away from Norfolk (in normal traffic). We are 3.5 - 4 hrs away from Washington D.C. For those traveling from the south (Norfolk Area) there is a \$15.00 toll to cross the Chesapeake Bay Bridge Tunnel.

Remember that you must bring your own twin-size bedding, including sheets, pillow and blankets, as well as all of your own toiletries. Rooms are simple with 2-4 beds and a dresser or cubby unit.

PACKING LIST

We recommend bringing the items on this list in addition to what you normally bring on a 1-2 day trip. Because our programs are active and field based you will need more changes of clothes than usual. Please feel free to pack additional clothing as you may want to change clothing throughout the day.

NECESSARY ITEMS

- Rainwear (rain parka, jacket, pants)
- 1 pair of lace-up sneakers or hiking boots for the boat- (Enclosed , no holes or mesh)
- 1 pair of sneakers that can get muddy. These should be different from boat shoes.
- 1 pair of strap on sandals or water shoes for wet trips (sandals must have straps that hold the shoe on to your foot securely, no crocs.)
- Lightweight jacket or sweatshirt
- Field clothing to get wet and slimy
- Bathing Suit, beach towel
- Sun protection (SUNSCREEN , HAT , SUNGLASSES)
- Insect deterrent (it can get very buggy here, bug spray or clothing cover-ups are useful)
- Toiletries (BAR SOAP, TOOTHPASTE, etc)
- Towels
- Refillable water bottle
- Day bag or backpack for transporting your supplies during day trips
- Plastic grocery bags for wet clothing, laundry and shells
- Notebook, Pencil and/or Pen
- Trash bags for dirty laundry
- Pillow and Pillow Case
- Sleeping Bag and/or Blankets
- Fitted and Flat sheets for a Twin Bed

SUGGESTED ITEMS

- Laundry detergent and quarters for the Coin Operated Laundry
- Personal Fan or heater (the residence halls have AC/Heat, but some prefer additional cooling methods)
- Money for the camp store or souvenirs
- Binoculars or spotting scope
- Camera
