Chincoteague Bay Field Station

# CBFS Adult Summer Camp

July 26-29, 2026

## Sunday July 26

4-6:00PM Check-in _____ Education Center

6:15PM Welcome Meeting & Pizza Party _____ Education Center

Tie Dye _____ Education Center

## Monday July 27

7:30AM Breakfast _____ Dining Hall

8:30AM Oceanography Research Cruise _____ Education Center Lab

Step into the shoes of an Oceanographer as you climb aboard a research vessel and use various methods to study the waters around Chincoteague! From water quality testing to trawling for organisms, you'll explore the ins and outs of oceanography.

- Sturdy, close-toed shoes
- Weather-appropriate layers
- Water bottle, sun protection
- Binoculars and/or camera optional

12:00PM Lunch _____ Dining Hall

1:00 PM Wetland Ecology & Salt Marsh Plunge _____ Education Center Lab

Dive right into what makes a salt marsh so important and just who lives in this productive ecosystem! After investigating in the classroom, head into the field to take the plunge

- Hat, sunscreen, water bottle
- Bathing suit worn under clothing
- Clothes with long pants that can get muddy
- Secure shoes that can get very muddy
- Towel
- Change of clothes & shoes
- Plastic bag for wet & muddy clothes

6:00PM Grill-Out Dinner and Campfire _____ Campfire Ring

Kick back to enjoy freshly grilled burgers and hot dogs (veggie options included), followed by a campfire and s'mores to round out the evening!

## Tuesday July 28

7:30AM Breakfast _____ Dining Hall

9:00AM River & Forest Ecology on the Pocomoke River _____ Education Center

Join our fleet of kayaks as we paddle along the scenic Pocomoke River as it snakes through one of the northernmost cypress swamps. Along the way, your instructors will provide information about the magnificent flora and fauna you will encounter and share their knowledge of the values and ecology of this unique environment.

- Hat, sunscreen, water bottle
- Clothes & shoes that can get wet
- Weather appropriate layers
- Binoculars and/or camera optional

12:00PM Lunch _____ Dining Hall

1:00PM Shark Dissection _____ Education Center Lab

Get up close and personal with a charismatic resident of our coastal waters - the spiny dogfish! Through a dissection, gain a better understanding of the life of these fascinating fish.
